

(b) *When performed.* The medical assessment is performed initially upon applicants tentatively selected for PSAP positions and employees occupying PSAP positions who have not yet received a PSAP access authorization. The medical assessment shall be performed annually, or more often as may be required by the site Occupational Medical Director, for PSAP-cleared employees.

(c) *Contents of medical assessment.* The medical assessment shall include: A comprehensive medical examination; an examination for use of alcohol habitually to excess; a psychological assessment and/or psychiatric evaluation as provided for in any applicable DOE medical standards, and as permitted by Federal regulations; and an examination for the cause of any reported unusual conduct.

(d) *Examination for use of alcohol habitually to excess.* The use of alcohol habitually to excess represents a potential threat to national security and is inconsistent with access to a PSAP position. Accordingly, the medical assessment shall include:

(1) *Diagnosis.* Employees in, or applicants tentatively selected for, a PSAP position shall be evaluated for the use of alcohol habitually to excess. Those employees diagnosed currently to use alcohol habitually to excess shall be temporarily reassigned to non-PSAP duties and the PSAP Approving Official shall be notified immediately.

(2) *Rehabilitation.* Individuals reinstated to PSAP duties following treatment leading to rehabilitation from the use of alcohol habitually to excess shall be required to undergo evaluation as prescribed by the site Occupational Medical Director to ensure continued rehabilitation. Such evaluation shall be consistent with appropriate Departmental substance abuse programs.

(e) *Examination for the cause of reported unusual conduct.* Upon referral of a PSAP-cleared employee by a supervisor for observed unusual conduct, the site Occupational Medical Director may arrange for the employee to be examined by appropriate specialists.

(f) *Report of occupational Medical Director.* Upon completion of the medical assessment, the site Occupational Medical Director shall report any security

concerns resulting from the medical assessment to the appropriate management official.

(g) *Temporary restrictions on a PSAP position.* In the event that a condition or circumstance develops that may affect the judgment or reliability of a PSAP-cleared employee, the site Occupational Medical Director may recommend restrictions. The site Occupational Medical Director shall report these restrictions immediately, in writing, to the appropriate management official who shall immediately notify the appropriate PSAP Approving Official. Removal of restrictions requires notification in writing to both the management official and the PSAP Approving Official by the site Occupational Medical Director.

(h) *Sick leave from a PSAP position.* PSAP-cleared employees who have been on sick leave for five or more consecutive work days are required to report in person to the site Occupational Medical Director before being allowed to return to normal duties. The site Occupational Medical Director shall provide a recommendation to the appropriate management official regarding the employee's return to work. A PSAP-cleared employee may in certain circumstances also be required to report to the site Occupational Medical Director for written recommendation to return to normal duties after any period of sick leave.

§ 710.59 Management evaluation.

(a) *Evaluation components.* A management evaluation based upon a careful review of the results of the supervisory review, medical assessment, and drug testing of an individual in, or an applicant tentatively selected for, a PSAP position is required before that individual can be considered for an initial granting or the continuance of a PSAP access authorization. The appropriate manager of an organization having PSAP positions (management official) shall evaluate the information in these reports and forward his or her recommendation, including any security concern, to the PSAP Approving Official.

Department of Energy

§ 710.60

(b) *Drug testing component.* Drug testing for the use of illegal drugs, as required by the PSAP, shall be established to test all individuals in, or applicants tentatively selected for, PSAP positions. Testing shall be conducted in accordance with the DOE policies implementing Executive Order 12564, or part 707 of this chapter, which establish workplace substance abuse programs for DOE and contractor employees respectively. The program shall include unannounced annual drug testing and testing for occurrence or reasonable suspicion for all PSAP-cleared individuals. A PSAP-cleared individual who has been determined to have used illegal drugs based on a drug test shall be reassigned immediately to non-PSAP duties, and the PSAP Approving Official shall be notified immediately.

(c) *Occurrence or reasonable suspicion testing component.* When a PSAP-cleared employee is involved in or associated with an occurrence requiring notification to the DOE or whose behavior creates the basis for a reasonable suspicion of substance abuse, the employee shall be tested for the use of illegal drugs. Drug testing shall be conducted in accordance with the provisions of the DOE policies implementing Executive Order 12564, or part 707 of this chapter, which establish workplace substance abuse programs for DOE and contractor employees respectively.

(d) *Rehabilitation.* Individuals reinstated to PSAP duties following treatment leading to rehabilitation from the use of illegal drugs shall be required to undergo evaluation and testing as prescribed in DOE drug-free workplace and substance abuse policies and by the site Occupational Medical Director or other designated official, as appropriate, in order to ensure continued rehabilitation.

(e) *Corporate policy.* Nothing in this subpart is intended to interfere with or prohibit a contractor of the Department from conducting medical and other evaluations, including testing for the use of illegal drugs as a matter of corporate policy, so long as such policy is at least as effective as the requirements and procedures of this subpart.

§ 710.60 DOE security review and clearance determination.

(a) *When performed.* The final component of the PSAP process is a security review and clearance determination performed by the PSAP Approving Official upon receipt of the management evaluation and recommendation.

(b) *The criteria.* The PSAP access authorization and adjudication shall be conducted in accordance with the criteria and procedures contained in relevant sections of this part.

(c) *Review for initial PSAP access authorization.* An initial PSAP access authorization requires the applicant or employee to have a DOE Q access authorization based upon a background investigation, except for Security Police Officers who may be granted PSAP access authorization based on an interim Q access authorization obtained through the Accelerated Access Authorization Program. The adjudication and determination for a PSAP access authorization shall be based upon a review of security information, including the results of the background investigation (or Accelerated Access Authorization Program screening elements in the case of Security Police Officers) and the information provided by management and medical sources.

(d) *Annual PSAP access authorization continuance.* Once an employee has received the PSAP access authorization, he or she shall thereafter undergo an annual security evaluation by the PSAP Approving Official. The evaluation shall include a review of the individual's DOE personnel security file, and an updated SF-86, OMB Control No. 3206-007, "Questionnaire for Sensitive Positions," Part II. The determination to continue the PSAP access authorization shall be based upon a review and any necessary adjudication of the information resulting from the annual security evaluation, and the information provided by management and medical sources, in accordance with the criteria and procedures contained in relevant sections of this part.

(e) *Periodic reinvestigation.* The PSAP-cleared employee shall undergo periodic reinvestigation as required to maintain a Q access authorization. The determination to continue the PSAP access authorization shall be based
